From the Montreal Transcript. ANGEL VISITS.

DY W. F. HAWLEY.

And deem ye angel visits are But " few and far between, Because the eye of living man No angel form hath seen, Like those of old, whose walk was oft With high and holy men? And think ye that those radient guests

Shall never come again? O, no! those angel forms are not Yet banished from the earth! Where'er the light of day hath shone Upon a mortal birth—
Where'er the heart hath leapt with joy, Or shrunk from blighting care, Unseen, unknown to bless or curse,

Those angel forms were there! When evening, with its silent dows, Descends upon the earth— When o'er the wounded spirit come No jarring sound of mirth-When holy thoughts are gushing forth In warm but silent prayer,

Hast thou not seen the stripling morn Arouse the day from rest, Wearing the glorious morning star Upon his pearly vest? Hast thou not felt the morning song Of birds, and brooks, and trees, And sent thy matin hymn of praise Forth on the early breeze?

And all the soul is paradise-The angel guest is there!

And hast thou not been tempted sore When burthened and oppressed, And prayed in bitter agony To go and be at rest? Hast thou not risen from thy knee, With calmer heart and brow, And made, within thy "heart of hearts," Some hely happy yow?

O, such are angel visitants-And when he lightly sung I hat they were "few and far between, His harp was all unstrung! Unmased by mortal eye they come, But not unblest depart, And long their heavenly footprints rest Upon the wounded heart!

# MR. CALHOUN'S SPEECH-CONCLUDED.

Sudden transitions, even to better habits or better conditions, are hazardous, unless slowly effected. With this impression, I have ever been averse to all sudden steps, both as to the currency and the system of policy which is now the subject of our deliberation, bad as I believe them both to be; and deep as my conviction is in faboration of a sound currency and low duties, I am by

Benjamin Brandreth's Pills. Illis vegetable and truly innocent medicine, runtifier the blood, and immediately stays the further runghess of disease in the bodies of those whose powers of life are not already exhausted. Where human means can avail, there scarcely is any complaint, or form of sickness, that the Brandurth Pills do not relieve and generally cure. Although these pills produce a xxxxxxx xxxxx xxxxxx and generally cure, that effect is not to prostrate the body, as with other medicines, but the frame is invigorated by the removal of the cause of weakness, the morbid, the vittated humors from the blood.

ONLY ONE DISEASE.

Harmless in themselves, they merely ASSIST NATURE

To throw out the occasion of sickness from the body, and they require no alteration in the diet or clothing. In fact, the human body is betterable to sustain without injury, the inclemency of the weather, while under the influence of this infection destroyer, disease ERADICATING MEDICINE, than at any other time.
The importance of Brandreth's Pills for seamen and

travellers is, therefore, self evident.

But where sickness does exist, let no time he last let the Brayoneric Fills be at once sent for. be lost, let the BRANDRETH PILLS be at once sent for, that the Remedy may be applied, without further loss of

-TO BE REMEMBERED-

That Brandreth's Pills have stood a seven years' test

That Brandreth's Pills have stood a seven years' test in the United States.

That they are a vegetable and innocent medicine, yet all powerful for the removal of disease, whether chronic or recent infectious, or otherwise.

That they purify the blood, and stay the further progress of disease in the human body.

That, in many cases, where the dreadful ravages o ulceration had laid bare ligament and bone, and where to all appearance, no human means could save life, have patients by the use of these pills, been restored to good health; the devouring disease having been completely eradicated.

The patrons of Wright's Indian Vegetable Pills are cautionary and against being deceived by medicine purporting to be loading Pills, manufactured by one A. L. NOCROSS, who is travelling about the county, endeavoring by every artifice to palm off his worthless trash for the genuine.

It should be remembered that all genuine medicine has the title expressed in full on the sides of the loxes thus:—

WRIGHT'S INDIAN VEGETABLE PILLS, (INDIAN PURGATIVE)

Of the North American College of Health.

And that all Travelling Agents are provided with a certificate of Agency, signed by William Wright, Vice President of the N. A. Coll. of Health. All travellers, therefore, who offer Indian Pills for sale, and cannot show a certificate of A-

Security to the patrons of Brandreth's Pills. NEW LABELS. The New Labels on a single Box of the Genuine Brandreth's Pills, contain

D5063 LETTERS!!!!. In consequence of the great variety of Counterfeit Labels of PRETENDED Brandreth's Pills, and which, in many instances, so nearly resemble in outward appear-ance the genuine of the old style, as often to deceive the unwary; Doctor Brandreth, acting under a sense of duty to the public, has employed those celebrated artists, Messrs. Perkins & Durand, who have succeeded in producing at great cost three New Labels, from steel, of extreme difficulty of execution, and of so complicated a nature, as to amount to an impossibility of imitation, being considered by judges a master-piece in the art of

engraving.
The Border of the top, and also of the under label, is composed of the most elaborate and chaste patters of lace work. To crown the chmax of these beautiful labels, the paper upon which they are printed is previously printed with Red lnk, after a design so exquisite and minute as to DEFY competition; the top and the under label each contain the words "BENJ. BRAND-RETH'S PILLS," written in red ink nearly two hundred times—the top & under label containing, there-

hundred times—the top & under label containing, there fore, upwards of five thousand letters.

There is also upon the top, the under, and the side label, two signatures of Dr. Brandreth; one being his regular signature thus—Be Brandreth; and the other his full signature, thus—Benjamin Brandreth; both being lac similies of the writing of Dr. Brandreth, to imitate which is forgery.

Purchasers will further remember that the counterfeiters in
the hope of evading the law, have omitted the name of 'Wright'

And also round the borders of the label will be found in sma

type "Entered according to an Act of Congress, in the year 1840, by William Wright, in the Clerk's Office of the District Court of the Eastern District of Pennsylvania." It will further be observed that the printed directions for using the medicine, which accompanies each lox, are also entered according to Act of Congress; and the same form will be found at the bottom of the first page.

The public will also remember that all who sell the genuine Indian Vegetable Pills, are previded with a certificate of A-
